UniBlade ID

Lift Car Indicator - UniBlade ID

The UniBlade ID Indicator provides a contemporary design for car identification, ideally suited to prestigious office and apartment buildings. The protruding UniBlade ID provides a highly visible illuminated legend to show the lift car identification, it is an ideal product for destination control lift systems.

The design is clean and modern, with a range of colour options for the body such as natural, black and white. The side panels of the UniBlade ID are available in black or white, with a range of illumination options.

The units design looks 'custom' but this is a standard production unit that offers excellent value for money.

Key features

- Provides your lift with custom appearance
- Innovative design, with high visibility legend
- Range of character colours available
- Various mounting options
- High contrast between legend and blade background
- Custom design LED pocket giving full consistent lighting and intensity
